Reasons for Allowance

4. The following is an examiner's statement of reasons for allowance of claims 1-23.

For independent claim 1 the prior art of record does not disclose or clearly suggest a borehole tool comprising: a series of pads mounted on the arms so as to be pivotable relative thereto; wherein the pads are pivotable about a radial axis relative to the tool body, and the pads are elongate pads adjacently arranged to provide different circumferential coverage in combination with the remaining limitations of the claim.

Claims 2-23 recite limitations which, in combination with allowed claim 1, render the dependent claims allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
